

Electric Drive Pressure Washers (Standard On/Off Switches)

Electric Motor Driven Pressure Washers with Hand Carry, Wall Mount or Wheeled Cart options. High quality AR or General Plunger pumps (Cat Pumps are optional on many models).

Standard Features Include: Aircraft grade, tubular aluminum frames • Pressure unloader valve • Thermo sensor valve • Chemical injector • 50' Hose • Spray wand with quick coupler nozzles • 1-1/2 HP through 3 HP models can ship via UPS with minor assembly required • 6 HP and larger units ship via truck • Wheeled cart models feature pneumatic tires and shock absorbing feet • 115 Volt models include 36' GFCI power cords • 230 Volt models include 12' power cord without plug. All models include trigger wand and 50' of hose. (Optional motor starters or auto stop/start are available if needed).

A suffix at end of part number is AR Pump, G suffix is General Pump

Electric Hand Carry Models

Part No.	GPM	PSI	Motor	Wt.
BI HC2015G	2.0	1300	2HP / 115V / 1PH	98 lbs.
BI HC3010G	3.0	1000	2HP / 115V / 1PH	98 lbs.

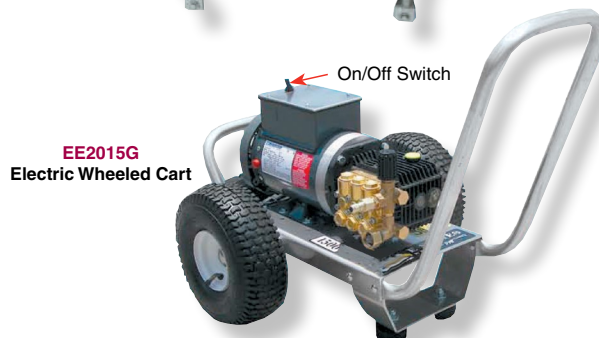

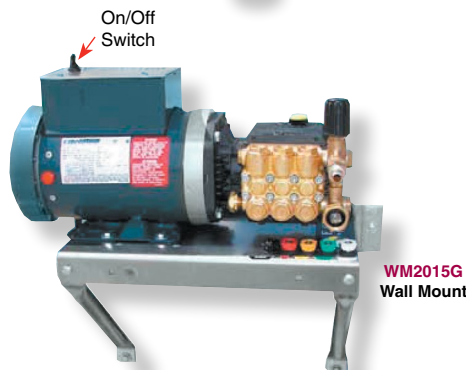

Electric Wall Mount Models

Part No.	GPM	PSI	Motor	Wt.
BI WM2015G	2.0	1300	2HP / 115V / 1PH	98 lbs.
BI WM3010G	3.0	1000	2HP / 115V / 1PH	98 lbs.
BI WM3015G	3.0	1500	3HP / 230V / 1PH	125 lbs.
BI WM4020A	4.0	2000	6HP / 230V / 1PH	230 lbs.

** X1520 & X2050 Wall Mount Units feature Auto/Stop/Start Panels, Hose Reels & 15' Power Cords.

Electric Wheeled Cart Models

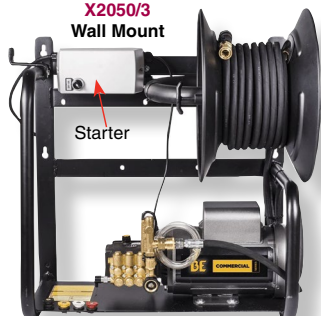

Part No.	GPM	PSI	Motor	Wt.
BI EE2015G	2.0	1300	2HP / 115V / 1PH	105 lbs.
BI EE3010G	3.0	1000	2HP / 115V / 1PH	105 lbs.
BI EE3015G	3.0	1500	3HP / 230V / 1PH	130 lbs.
BI EE4020G	4.0	2000	6HP / 230V / 1PH	235 lbs.
BI EE3530G	3.5	3000	7.5HP / 230V / 1PH	250 lbs.
BI EE4030A	4.0	3000	7.5HP / 230V / 1PH	250 lbs.
BI EE4035A	4.0	3500	10HP / 230V / 1PH	265 lbs.
BI EE3540A	3.5	4000	10HP / 230V / 1PH	265 lbs.

Wall Mount

Wall Mount Pressure Washers (With Auto Stop/Start and Hose Reels)

Complete Wall Mount Pressure Washers are a great choice for commercial, agricultural and industrial cleaning applications. All models are complete with high pressure pump, single or three phase motors, wall mount frame, auto start/stop electrical panel that is initiated by the trigger wand, 50ft hose and hand wind hose reel. A variety of pressure and flow options are available to meet your needs.

Features Include:

2HP, 5HP or 7.5HP TEFC motors • Compact, direct-drive plunger pumps • Auto start/stop electrical panels • Tubular steel frames with powder-coated finish • Adjustable pressure regulator valve • Downstream chemical injector • Trigger wand with 3/8" x 50ft hose • Pre-wired and pre-plumbed • All models are rated for supply water temperatures to 140° F except for model *x2050/3 which is rated to 185° F.

Single Phase

Part No.	Output	Motor	Wt.
BI X1520	2.0GPM @ 1500PSI	2HP / 115V / 1PH	200 lbs.
EZ 253EAWM	3.5GPM @ 2400PSI	5HP / 220V / 1PH	237 lbs.
BI X2050	4.0GPM @ 2000PSI	5HP / 220V / 1PH	220 lbs.
EZ 3035EAWM	3.5GPM @ 3000PSI	7.5HP / 220V / 1PH	276 lbs.

Three Phase

Part No.	Output	Motor	Wt.
EZ 253EAWM/3	3.5GPM @ 2400PSI	5HP / 220V / 3PH	237 lbs.
BI X2050/3	* 4.0GPM @ 2000PSI	5HP / 220V / 3PH	260 lbs.
EZ 3035EAWM/3	3.5GPM @ 3000PSI	7.5HP / 220V / 3PH	276 lbs.

* High temp pump rated to 185° F this model only
