Smaller Elliptical Tanks & Skids

200 to 850 Gallons

Ace Roto-Mold

Tank & Skid Sold Separately

These tanks include the same great features as the elliptical tanks but in a more compact size. All sizes are rated to 1.7 S.G. (14 lbs./gal.). Low center of gravity makes these tanks ideal for stationary or mobile use (non DOT regulated) and improved visibility. Translucent off-white color is standard. Sump is located directly under the lid. Gallonage indicators one side and one end. Skids and bands are powder-coated.
