Stainless Chemical Weigh Tanks
60 to 250 Gallon

Constructed of stainless steel (T304SS is standard; T316SS is available). The weigh tank's physical size adapts to a platform scale, allowing you to capture weights of solutions. The low profile facilitates adding crop protection by jugs. The smooth cone bottom design aids in cleanout. Standard with 2" MPT in bottom, (1) 2" FPT and (1) 1-1/2" FPT in sidewall. Weigh tanks can also be outfitted with water flush rings, air blow out and other optional equipment. Larger custom sizes are also available.

Horizontal Sprayer Tanks **SNIYDER INDUSTRIES, INC.**

Snyder Round Horizontal Sprayer Tanks are designed for a wide array of liquid transportation (*non-D.O.T. approved*) and chemical storage applications. All tanks are constructed of high quality, high density polyethylene with UV inhibitors for longer life of the tank. Rated to 16 lbs./gal. Tanks feature 10" screw-on lids, center sump drains, flat ends for agitation, and molded-in gallonage markers. Heavy-duty black powder-coated steel saddles & stainless-steel bands available for most models. Standard color is white/translucent (other colors available). **Tanks have a 3-Year Warranty.**
