## Muffler Assemblies

Part No.	Description
MC 43501H	Muffler Assembly, GX120/GX160/GX200 Series....
MC 43503H	Muffler Assembly, GX240/GX270 Series .....
MC 43505H	Muffler Assembly, GX340/GX390 Series .....

## Muffler Protector

Part No.	Description
MC 505255	Muffler Protector. GX390 .....

## Fuel Valve & Tube

Part No.	Description
MC 99FTV	Fuel Tube & Valve, All Models.....

## Motor Starters

Part No.	Description
MC 505444	Motor Starter, GX240/GX270 Series .....
MC 505445	Motor Starter, GX340/GX390 Series .....

## Oil Level Alerts

Part No.	Description
MC 420661	Oil Level Alert, GX240/GX270 ....
MC 420240	Oil Level Alert, GX340/GX390 ....

## Oil Alert Switches

Part No.	Description
MC 509017	Oil Alert Switch, GX240/GX270..
MC 509033	Oil Alert Switch, GX340/GX390..

## On/Off Switch

Part No.	Description
MC 43312H	On/Off Switch for All Models ....

## Fuel Tank Joint

Part No.	Description
MC 505310	6 Pack Fuel Tank Joint, All GX Series.....

## Cover Nuts

Part No.	Description
MC 505170	Cover Nuts, 10 Pack, All Models.....

## Valve Intake Exhaust Sets

Part No.	Description
MC 505408	Valve Intake/Exhaust Set, GX160/GX200 Series ....
MC 505409	Valve Intake/Exhaust Set, GX240/GX270 Series ....
MC 505410	Valve Intake/Exhaust Set, GX340/GX390 Series ....

## Retainer Intake/Exhaust Sets

Part No.	Description
MC 505413	Retainer Intake/Exhaust Set, GX120/GX160/GX200 Series ....
MC 505414	Retainer Intake/Exhaust Set, GX240/GX270/GX340/GX390 Series

## Valve Lifter Sets

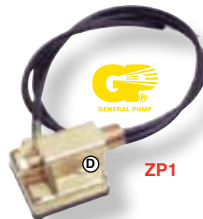

Part No.	Description
MC 505415	Valve Lifter Set, GX120/GX160 Series .....
MC 505416	Valve Lifter Set, GX200 Series .....
MC 505417	Valve Lifter Set, GX240/GX270/GX340/GX390 Series

## Rocker Arms

Part No.	Description
MC 505411	Rocker Arm, GX120/GX140/GX200 Series .....
MC 505412	Rocker Arm, GX240/GX270/GX340/GX390 Series.....

## Throttle Controls

ZP1

**Engine Throttle Controls** from *CAT PUMPS* and *General*. These controls are designed to reduce engine speed when the pump is in bypass. Immediately returns to full RPM when pump operation resumes. Easy-to-install and adjust. Reduces engine wear and fuel consumption. Prolongs pump life. Instant on/off response.

8100

**ZP1** is designed to thread into *General Pump* Manifolds. 3/8" FPT inlet. Cable is 42" long. Pressure range is 725 to 3000 psi. Rated to 140° F.

**8100** Catcontrol has standard 3/8" MPT inlet. Cable is 48" long. Pressure range is 250-4000 psi. Rated to 160° F.

Part No.	Max. PSI	
IP ZP1	3000	General Throttle Control
CC 8100	4000	Cat Pumps Throttle Control
