

PUMPTEC Softwash Pumps

12 Volt and 120 Volt Soft Wash Pumps

from PUMPTEC are engineered for compatibility with sodium hypochlorite and bleach solutions. 12 Volt performance rivals that of gas engine driven pumps. PVC bodies, Teflon/Carbon seals, Special alloy valves, Solid ceramic plungers, 35° Vertical throw and 50' horizontal throw. Includes pressure relief valve. Available in 12 or 120 volt. Ports are 1/2" Fpt.

Part No.	Flow	Pressure	Voltage/ Amps	Wt.
PX 81810	6.4 GPM	150 PSI	12 Volt, 71 Amps	45 lbs.
PX 81813	6.4 GPM	150 PSI	120 Volt, 9 Amps	45 lbs.

12 Volt Sprayer Pumps

EF2200

12 Volt, On-Demand, Sprayer Pumps from EVERFLO. Designed to handle a wide variety of applications including agricultural spot and broadcast spraying, de-icing, water transfer, mist spraying and more. Approved for use with Round-up and other herbicides and pesticides.

Features Include: Polypropylene manifolds, Viton® valves and Santoprene diaphragms • Unique demand pressure switch reduces wear on motors, turns off pump when flow is not required • CE approved • Self-priming to 8' on **HP1515**, 10' on **EF2200** and 12' on all other models • Rated to 140° F.

EF7000

Part No.	Max. Flow	Cut In PSI	Max. PSI	Ports	Wt.
MV HP1515	1.5 GPM	130	150	3/8" FPT	5.0 lbs
MV EF2200	2.2 GPM	60	70	3/8" FPT	4.8 lbs
MV EF3000	3.0 GPM	50	60	1/2" FPT	5.6 lbs.
MV EF4000	4.0 GPM	50	60	1/2" FPT	5.6 lbs.
MV EF5500	5.5 GPM	50	60	1/2" FPT	5.6 lbs.
MV EF7000	7.0 GPM	50	60	1/2" FPT	9.5 lbs.

High Pressure Sprayer Pump

12 Volt, On-Demand, High Pressure Sprayer Pump from EVERFLO. Designed for a variety of applications including agricultural spot and broadcast spraying, mist spraying, lawn and brush control, livestock spraying, light duty pressure washing and more. Ceramic plungers with Viton® seals.

Features Include: Rated to 200 PSI • Self-priming to 8' • Inline Fuse. • Variable pressure regulator • Quick ports with 1/2" hose barbs. • CE approved. • Rated for use with Roundup • Fluid temperatures to 140° F.

Part No.	Max. Flow	Cut In PSI	Max. PSI	Ports	Wt.
MV EFHP2000	2.0 GPM	180	200	1/2"	13 lbs

Softwash 12 & 24 Volt Pumps

EVERFLO 12 & 24 Volt Demand Pumps are engineered and designed for the rigors of Soft Wash Bleach applications. Ideal for spraying solutions that remove mold, algae, lichen and mildew from roofs, siding, decks, fences and even concrete. Also rated to handle many types of disinfectant and sanitizing

SW4000

EFSW10000

Standard Features: Exclusive Motor Shield shuts off pump if a leak is detected • Self-priming to 10' on **SW2200** & **EFSW10000** and 12' on **SW4000** and **SW5500** • Run

dry design • Corrosion resistant Viton valves, Santoprene diaphragms and Polypropylene pump manifolds • Rated to 140° F. • Inline fuse protection for safety and reliability • Automatic power switch turns off pump if flow is not needed • CE approved • Complete pump heads for easy rebuilding when needed. **Note:** Pumps turn on at pressures shown.

Part No.	Voltage	Max Flow	Max. PSI	Wt.
MV SW2200	Pump, 12 Volt	2.2 GPM	70	5 lbs.
MV SW4000	Pump, 12 Volt	4.0 GPM	60	6 lbs.
MV SW5500	Pump, 12 Volt	5.5 GPM	60	6 lbs.
MV EFSW10000	Pump, 24 Volt	10 GPM	100	16 lbs.
MV 2200CT	*Pump Head Kit	2.2 GPM	-	1 lb.
MV 4000CT	*Pump Head Kit	4.0 GPM	-	1 lb.
MV 5500CT	*Pump Head Kit	5.5 GPM	-	1 lb.
MV EFSW10000CT	†Pump Head Kit	5 GPM	-	2 lbs.

* Pump Head Kits Include Head, Valves & Diaphragm.
† Single Pump Head Kit, (2) Required for Complete Pump Repair.

Soft Wash Bleach Sprayer

- 12 Volt -

Ideal for Small Jobs or Hard-To-Get Areas

Unique Portable Sprayer designed specifically for the rigors of **Soft Wash Bleach Solutions**. An ideal choice for applications that require cleaning of black mold, algae, lichen and mildew from outdoor surfaces such as roofs, siding, fences, decks and concrete. This unique sprayer can also be used for disinfectant products and applications.

Standard Features: 12 Gallon translucent tank • 12 Volt EVERFLO corrosion resistant pump • Rated up to 2.2 GPM • Rated up to 60 PSI • Rechargeable battery allows for spraying up to 72 gallons on a single charge • All steel frame • Deluxe spray wand with 3 nozzles • 30' chemical resistant hose • Heavy-duty tires • Inline strainer • Motor Shield Technology shuts pump off if leak is detected • Automatic power switch turns pump off when flow is not needed.

Part No.	Description	Wt.
MV SWI090	Portable Soft Wash Sprayer, 12 Volt	62 lbs.
