

## Vinyl Hose Wrap

**Rhino™ Blue Vinyl Wrap** is a unique product designed for protection of hose ends and clamps as well as protecting a variety of single or multiple hoses from abrasion and wear. Lightweight yet tough and highly flexible. 35 oz. PVC woven material. Heavy-duty Velcro fastener allows wrap to close and firmly stay in place.

Proprietary bonding process allows for easy cutting to length without fraying. A wide variety of outside diameter sizes to meet your needs. All sizes are sold in bulk 150' rolls that can be cut on site. Stock color is blue, but yellow, green and black are also available.

**Industries Using This Product:** Agriculture • Chemical Plants • Construction • Forestry and Logging • Mining • Oil and Gas • Railways • Transportation • Waste Management.

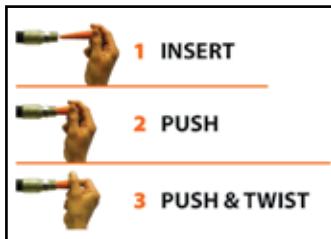

Part No.	Wrap I.D.	Roll Size	Flat Width	Weight
SR RW175BLV	1-3/4"	150'	7"	15 lbs.
SR RW200BLV	2"	150'	7.75"	17 lbs.
SR RW250BLV	2-1/2"	150'	8.5"	20 lbs.
SR RW300BLV	3"	150'	11"	25 lbs.
SR RW350BLV	3-1/2"	150'	12.5"	30 lbs.
SR RW400BLV	4"	150'	14"	38 lbs.
SR RW500BLV	5"	150'	17"	45 lbs.
SR RW600BLV	6"	150'	20"	50 lbs.
SR RW700BLV	7"	150'	23"	60 lbs.
SR RW800BLV	8"	150'	26"	75 lbs.

## Rhino™ Safety Orange Drip-Proof Plugs

**Reusable Rubber Drip Plugs** are designed to plug hoses or pipe ends to prevent damage from leaks and spills during maintenance or uncoupling. Ideal for use with hydraulic fluids and oils as well as chemicals resistant to Nitrile NBR. Stops leaks fast. Unique design allows for one plug to fit a range of sizes. Sold in box quantities as noted. ROPK is a mixed kit of all sizes.

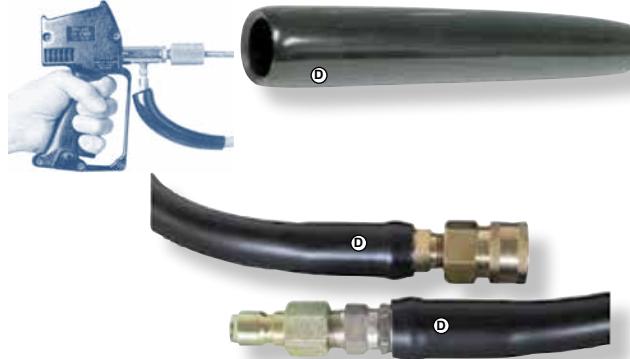

New Hex Head Design  
for "Better Grip"
