

Norwesco Vertical Storage Tanks are built using high-grade, FDA-approved heavy-duty polyethylene resin with UV inhibitors for long-lasting performance. Tanks are corrosion resistant and lightweight with no seams, welds, or joints to leak or rust. Common applications include bulk storage of fertilizers, agricultural chemicals, potable water, liquid feeds, and more. Shown in White (Standard density, 12lbs./Gal) and Blue (Heavy-duty, 16lbs./Gal). Other colors available for select sizes. **Not all tanks are FDA & NSF/ANSI61 certified – Please Call for Available Options.**

FEATURES

- Heavy-duty polyethylene with ultra-violet inhibitors for protection against sunlight
- Flattened face are on bottom sidewall for additional fitting installation (tanks without fittings also available)
- Two top-edge molded-in slots for safe, secure tie down on 150-gallon and up
- Built-in graduated gallonage indicators
- Off-set fill opening and self-venting, slosh-proof lid; max-drain siphon assemblies standard on 200-gallon and up
- Maximum liquid temperature is 120° F

Vertical Storage Tanks

Rated to 12lbs./Gallon

3-Year Warranty

10 to 20,000 Gallons
(Not all sizes shown)

Part No.	Gallons	Diameter x Height	Bulkhead Fitting	Lid
RV 44844	10	12" x 26"	3/4"	8"
