

Heavy-Duty Storage Reels for Vacuum Hose. Ideal for truck mount applications. Welded construction with rust-resistant black enamel finish. Easy turn design with poly slick bearings. Pre-drilled to accept solution reels if required. Fully assembled and equipped with positive spool stop to prevent accidental unwind. Available in manual rewind, 12-Volt DC rewind and live storage reels. Due to oversized dimensions, reels must ship via LTL truck.

Note: 12 Volt reels come with pre-wired switch and power leads.

Storage Reels - Vacuum Hose

Basic Storage Reels: Designed for storing hose. Available in manual or 12 volt electric rewind.

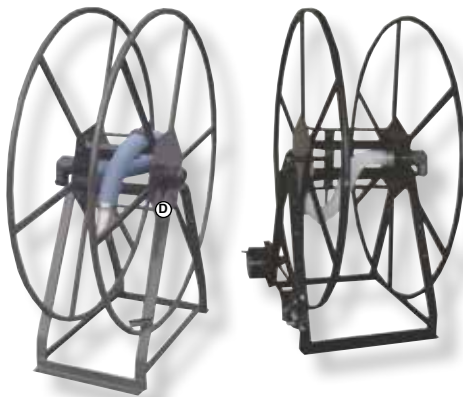

Hank Crank or 12 Volt
