Rely 280	•	•	
Stratego	•		
Stratego YLD	•		
Wolverine Advanced		•	
EverGol	•	•	
Gaucha 600	•	•	
RAXILPro	•	•	

The Dura Products Chemical Compatibility Chart **should be considered as a guide only** due to the many variables which may affect the compatibility of materials. This guide is based on the most recent information from a variety of suppliers and chemical producers and is believed to be accurate. Customer should always check calibration before use. Actual decisions on materials used need to be tested and evaluated by the customer for each specific application. The responsibility of proper chemical compatibility of equipment and material used is the full responsibility of the customer. Dura Products does not warrant product damaged by non-compatibility.

For more comprehensive listing of chemicals, please visit our website at www.DuraProducts.com.
For help with the proper selection of pump for your application needs, please call 855-502-3872
